"WHITE MOUNTAIN"

This grate forms the top of the food chamber and bottom of the ice compartment. Lift it out and you find one great open interior, top to bottom, which can be readily cleaned. Separate bars or heavy steel shed waste water from ice, while down through the long open spaces drive currents of cold air, dry as a bone, into the glistening chamber where the food is placed.

BACKBONE OF GERMAN
OFFENSIVE IS BROKEN

French Have Won a Significant Victory at Verdun—Teutonic Drive Checked.

Paris, May 2.—In the most successful blow delivered by General Petrain since the Crown Prince began his Verdun offensive the French yesterday captured over 500 yards of German trenches southeast of Ft. Douaumont.

The success on German trenches on Dead Man's Hill Saturday and Sunday, the War Office announces, amounted to 1,000 yards of from 300 to 600 feet in depth.

The publication of these facts has caused the wildest excitement and is interpreted to mean that the German drive has been definitely checked with the offensive taken up by the French.

What Berlin Says.

Berlin, May 2.—Fierce French assaults south of Fort Douaumont and Caillotte Forest were completely repulsed, the War Office announced.

INTERVENTIONISTS ARE
SOURCE OF TROUBLE

They Are Causing Much Trouble on the Mexican Border—Deadlock Expected in Juarez.

El Paso, May 2.—The Scott-Oregon conference is expected to reach a deadlock today when Washington instructions telling General Scott to refuse at this time to discuss withdrawal of American troops reach here. General Scott is expected to politely but firmly tell the American officer that he will not talk on any subject until withdrawal is discussed. Under such circumstances as immediate adjournment of the conference is anticipated.

Interventionists are active along the border. Every effort is being made to offset these activities.

EXPECT KAISER TO
KILL MORE TIME

Believed That Germany Will Ask For Further Delay.

Washington, May 2.—German officials believe the Kaiser's expected note to President Wilson will temporize, and that it will suggest, if not actually request, further negotiations on the submarine issue, now a year old. This is the anticipation at the German Embassy.

It is believed that Ambassador Bernstorff shortly will receive instructions to ask a resumption of "informal conversations" with Secretary Lansing, pending which Germany expected to agree to make her submarine warfare meet American demands.

Lewis R. Stinson, for 18 years Grand Keeper of Records and Seal for Oregon, died under distressing circumstances a few weeks ago, and Walter G. Gleason has been elected in his stead.

DID YOU?

Did you give him a lift? He's a brother of man,
And bearing about all the burden he can.
Did you give him a smile? He was downcast and blue,
And the smile would have helped him to battle it through.
Did you give him your hand? He was slipping down hill
And the world so I fancied, was using him ill.
Did you give him a word? Did you show him the road?
Or did you just let him go on with his load?

Did you help him along? He's a sinner like you
But the grasp of your hand might have helped him through.
Did you bid him good cheer? Just a word and a smile,
Were what he most needed that last weary mile.
Do you know what he bore in that burden of cares?
That is every man's load and that sympathy shares.
Did you try to find out what he needed from you?
Or did you just leave him, to battle it through?

Do you know what it means to be losing the fight,
When a lift just in time might set everything right?
Do you know what it means just the clasp of a hand?
When a man's borne about all a man ought to stand.
Did you ask what it was, why the quivering lip?
Why the half suppressed sob, and the scalding tear drip?
Were you brother of his, when the time came of need?
Did you offer to help him; or didn't you heed?

Did you know it's the part of a brother of man
To find what the grief is and help where you can?
Did you stop when he asked you to give him a lift,
Or were you so busy you left him to shift?
Oh, I know what you mean—What you say may be true,
But the test of your manhood is what did you do?
Did you reach out your hand? Did you find him the road?
Or did you just let him go by with his load?
